

FlashLock® Padlock

FlashLock padlock is a breakthrough keyless lock that facilitates real-time access control using any web-enabled device.

FL-PL02

Ultimate Convenience

Grant temporary or recurring access using timed or scheduled access windows by sending an email or text message containing an online key.

Patented Keyless Access

FlashLock padlock includes patented serial optical communication technology for convenient keyless access.

Weather Resistant

IP68 rated to withstand water, dust, dirt, and sand. Perfect for remote locations that experience extreme weather conditions.

- Conveniently adjust access permissions on the go.
- Control who enters what area and at what time.
- No Bluetooth® to pair and no app required.

FlashLock® Padlock

Part Number: FL-PL02

CAW	Version 9.0 or newer
Enterprise	<input checked="" type="checkbox"/>
Basic	<input type="checkbox"/>

FlashLock is a keyless lock that facilitates access control using any web-enabled device. Using serial optical communication technology combined with a web browser, the FlashLock padlock grants temporary or ongoing access with an email or text message. This keyless lock does not require a mobile app or Bluetooth to pair, conserving its battery life while facilitating real-time access control.

Specifications

Physical	Brass and Stainless Steel
Operating Temperature	-4° to 140° F (-20° to 60° C); below 14° F (-10° C) battery capacity significantly reduced
Weight	35.2 oz (998 g)
Dimensions	6.06" L x 2.24" W x 1.5" H (153.78 mm x 56.9 mm x 38.1 mm)
Power	ELI123 lithium battery, field replaceable
Visual Indicators	Four LED indicator lights
Access Options	Serial optical web device, IR with fob, IR Encoder 10, CK-FLASH, CK-AIR2, CK-BLUE3
Management Options	IR Encoder 10
Software	CyberAudit® Enterprise 9.0 (or newer) with FlashLock SEM, or myflashlock.com
Battery Life	Up to 1 year
Audit Capacity	Up to 11,000 open/lock events

Notes:
Dimensions in inches (mm)
Drawing not to scale
Ø indicates diameter
